

EVENT INFORMATION

THE KIMBERLEY TRIATHLON

Sunday 10th June 2018

The Kimberley Triathlon is a fantastic event for adults of all abilities aged 15 years plus.

PRE-RACE

What will you need?

For the event you will need:

- Swimming costume/trunks or Tri Suit.
- Goggles (If you have them).
- A road worthy bike (mountain or road).
- A helmet.
- Footwear and clothing for cycling and running.
- Drinks and snacks.

Sponsored by:

When does it start?

The first set of swimmers will start on the whistle at 7am. The pool manager will start swimmers at intervals of 3 – 5 minutes. You will be allocated a swim time in advance of the event. Swim times will be emailed to competitors one week before the event.

What happens at registration?

Registration will take place upstairs in Studio 3. Please register at least 1 hour before your start time. This will allow you time to collect your race numbers, rack your bike and familiarise yourself with transition.

Before registering please make sure that you know your race number. Your race number can be found prior to the event on your email, on our website or on the notice board once you arrive at registration.

At registration you will collect your race pack and have your number marked on your leg. Your race pack will include two race numbers and a sticker for your bike. Please write any medical conditions you have on the reverse of both race numbers. Your number should be pinned to your back for the cycle part of the event and to your front for the run part of the event. You may use a number belt if you have one.

Your timing chip will be given to you on poolside just before you start your swim. Please check that your timing chip matches your race number. This chip should be worn on your left ankle and be returned to a marshal at the end of the event.

How does the event work? - Race Briefing

Race briefings about the event will take place near the transition area at 6.30am, 7.30am and 9am.

The race briefing will be an opportunity to ask any questions you might have.

Where do I leave my things? – The Transition Area

The transition area will be located on the field. Only competitors will be allowed into the transition area. Spectators may watch from the outside. To enter the transition area you will need your race number. You must enter through the competitor entry opening. From transition there will be various exits for the run and cycle section of the event. Please familiarise yourself with transition so that you know where you are going once the race starts.

The transition area will be in constant use with competitors racking and collecting their bikes at various times. Please give the advantage to racing competitors whilst you are racking your bike.

Before you start your swim you must set up your bike, cycling and running equipment/clothing in transition. In transition you will need your bike, helmet, footwear, your race numbers and any additional clothes you wish to put on after your swim for the cycle and/or run section of the event.

THE RACE!

THE RACE!

Swim it!

The swim will take place inside the pool at Kimberley Leisure Centre. Please arrive on poolside at least 15 minutes before your start time.

Your swim time has been worked out from your estimated swim time that you submitted on your application. It is hoped that this will mean that you will swim with swimmers that are of similar ability to you.

The pool manager will call you over before the start of your swim. The pool manager will give you your swim hat and timing chip and then tell you when to get into the water to start your swim. *For the Beginners Distance swim you must swim 200 metres. This is 10 lengths of the 20 metre pool. For the Sprint Distance swim you must swim 400 metres. This is 20 lengths of the 20 metre pool.*

You must count your own lengths. We hope to have lane counters to help to count your lengths but if this is not possible, swimmers will be responsible for counting their own lengths. If this is the case there will be one marshal doing a spot count of some competitors.

There will be 5 lanes of swimmers. In your lane you may overtake other swimmers if you wish.

Cycle Surface

Please note the cycle route may have some defects and depressions and it is not possible to guarantee a perfect surface for the route.

Distances

Beginners: 200m Swim / 7K Bike / 2.5K Run

Sprint: 400m Swim / 19K Bike / 5K Run

Relay Options

For the first time, we have introduced relay options for both the Beginner and Sprint distances.

This requires you to have one team member who will complete the swim, one who will complete the bike and one who will complete the run.

The participant change over will occur in transition only. After completing the necessary elements associated with your discipline (racking your bike, removing your helmet etc), you will then be required to transfer your timing chip to the next competitor. This must be secured around their left ankle before they can begin their element of the event.

Teams will be disqualified if the timing chip is not secured to the left ankle before exiting transition.
